

HOW TO FIND HELP FOR LEGAL MATTERS

ABOUT US

Amber Community is an independent not-for-profit organisation. We provide free counselling, information, and support to people who have experienced road trauma.

LEGAL MATTERS

If you are bereaved or seriously injured in a transport incident, you may need to consider legal matters such as wills, probate, and claims for damages.

In Victoria, the Transport Accident Commission (TAC) is a no-fault accident compensation scheme. When you register your vehicle, you take out insurance that covers you in a transport accident for medical and rehabilitation costs and, in some instances, income support.

To receive benefits from the TAC, you must lodge a claim – you can call the TAC on 1300 654 329 or go to www.tac.vic.gov.au.

It can feel overwhelming, and you may want to consider getting legal advice to help navigate these complex issues.

HOW TO FIND A LAWYER

Choosing a lawyer is an important decision.

Generally, we recommend using an accredited specialist who is a lawyer recognised as having additional experience, training, and expertise in a particular area of law.

We have partnered with four legal firms that give \$15,000 each year to our counselling, support, and advocacy services.

On the next page, we provide the first point of contact at these firms, and they have provided a short bio to share. We understand they will give you an hour consultation at no cost.

The Law Institute of Victoria can also provide a list of all lawyers registered in Victoria at www.liv.asn.au, or call 03 9607 9311.

You may want to contact a couple of people to find the person who feels best to you.

We do not endorse or recommend a particular person or firm, and we will not share your details without your consent. Your decision will not impact the support you receive – from them or us.

Note. We send this information to everyone, but you may not wish or need to use a lawyer.
