

How can DRIVE TO LEARN assist you in understanding traffic offences

AND WHAT YOU CAN DO?

"It's not just about me, it's about the fact that I nearly killed my best mate."

DRIVE TO LEARN

Education

We talk with you about how risky driving and road incidents, can impact you and others.

Reflections

We ask you to listen to our trained volunteers speak of their first-hand experience of the impact of road incidents.

We encourage you to think about your attitudes towards offending and about what you need to change about your reactions and actions.

Prevention

We help you plan some strategies to prevent you from offending with motor vehicles in the future.

Evaluation

We ask you to be specific about your intentions "what changes do you intend to make as a result of attending this workshop?"

So what can you do?

- >> Now that you have decided to make the change... How do you do it?
- >> Think about what could happen if you drive unlicensed
- >> Look at why you offend
- >> Look at the bigger picture... what will your choices be later on
- >> Think about who your mates are
- >> Be honest with yourself
- >> Find someone to talk too
- >> Give others a chance to help
- >> Plan ahead
- >> Make a decision to change specific aspects of your life
